Dear Parents,

This year there was a major increase in the amount of players who tried out for the middle school program. We would love to keep everyone and form more than one team but we can't keep everyone. If your name is not on this list, it is not because you are not a good basketball player. It is simply just a numbers situation. We encourage everyone who tried out to get involved on their school team or other leagues in the area. We also encourage all to get involved in our summer camp system. Best of luck this season and we hope to see you at some varsity games this year!

Thank you.
